GREETINGS FROM ROMANCE TRAVEL CONCIERGE!

A customer service representative on the phone told us that where he works, 40°F is the norm, + 50°F is considered a heat wave. That's something we can't quite picture in Southern California. So for those who wish to get away the cold, we're including some warm destinations in this issue of our Loveletter. Just let us know whenever you wish us to arrange your escape from the chills!

TRIP FOR TWO IN INDIA

It's a place where black hogs share the streets with taxis, + five-star hotels stand side by side with a traditional market. It's a place where women's saris color the city the way flowers decorate a meadow. It's a place where a century-old palace is furnished with Panasonic air-conditioner; where the language is melodic without music + words are more artistic when written than printed. India is a nation that has kept its heritage while pushing forth into the new century, a land rapidly changing with the tides of time, + it is the setting of our \$9.5K trip for two.

This Golden Triangle getaway takes our travelers to three cities in India – New Delhi, a city of innovation; Jaipur, a city of rich heritage; + Agra, home of the Taj Mahal. The package includes 6 nights of accommodations in 5-star hotels + resorts; all transportation in air-conditioned luxury sedan; daily breakfast; + tours in each city. To ensure your comfort + ease of travel, we are also including a local cell phone upon arrival plus an English-speaking escort during the entire trip.

For the adventurous romantics, all the contrasts in India will give you all the cultural shock you expect in a foreign land + all of the amenities will give you the comfort you crave.

Price is valid for April 16 - August 31, 2010. For January 3 - April 15, 2010 add \$1500 USD

HONEYMOON #88: MIAMI

Miami is the city for the fun-loving lovers. It sets the stage for numerous film-festivals throughout the year. For the performing arts fan, it is home of the Miami City Ballet + Actor's Playhouse. For the visual art connoisseurs, we would recommend spending some time in the Modern Art Museum + the Art Deco District. There's also the beach, shopping, + beauty treatments. Or, for the foodies (like us), a stop at Versailles is a must – if not for the scrumptious Cuban cuisine, then for the flaky, sweet, + savory cheese rolls.

Anything is possible for your 5-night honeymoon, + when the shopping, the clubbing, the shows are all over, you can retreat to your Studio Suite City at The Setai, a member of the Leading Hotels of the World. Its serenity is an oasis in the midst of South Beach's bustling; you can simply enjoy each other's company. To make your romantic experience complete, our \$6K honeymoon includes a 4-course dinner for two with wine pairing.

Price is valid from May 1 through October 31, 2010. If your honeymoon falls sometime between November 1 + December 31, 2010, add \$1500 USD.

HONEYMOON #89: PARIS

6 DAYS/5 NIGHTS HONEYMOON

How would you like to be greeted by the scent of freshly baked chocolate croissant as you roll back the thick comforters? Then, as you sip your hot coffee, the bright morning sun pours in from your window + warms you inside + out. The cloudless Paris skies are as picturesque as any painting from the Louvre, which you will be visiting as soon as you're ready to saunter out of your Prestige Suite at the Sofitel Paris Le Faubourg. Perhaps on the way, you'll walk through Avenue Montaigne or Avenue des Champs-Élysées for a new purse, shoes, or evening dress for your romantic dinner.

Our \$6.5K honeymoon will also include two 2-day pass to the National Museum + the Versailles, daily breakfast, 50-minute massage, accommodations + private airport transfers, just to name a few. But it matters very little what you end up doing here in Paris. There's something magically romantic about the city's sight, smell + atmosphere that permeates through every fiber of your being. So whether you're here for your first honeymoon or second honeymoon, it will surely be the trip of a lifetime.

LOVEGIFT OF THE MONTH

Our Lovegift of the month is as classic as the little black dress for all women. With any booking of our honeymoon, babymoon, destination wedding, or trip for two, our romantic travelers will receive a pair of Tiffany's Pearl Earrings.

Tiffany's cultured freshwater pearls are set on sterling silver for pierced ears. The pearls are approximately 8-9 mm in diameter. Like a red hot lipstick, a LBD, + a pair of heels in any height, these classic pearl earrings are a staple in any woman's beauty arsenal.
